Professional Summary

Computer Science undergraduate (Year [X]) with strong fundamentals in [Python, DSA]. Built [X] full-stack projects used by [N] users and solved [N] LeetCode problems. Seeking a [Software Engineering] internship to ship production code in a [scalable / high-performance] team.

Technical Skills

Languages: Python, Java, JavaScript, TypeScript, SQL

Frameworks: React, Node.js, FastAPI, Django

Databases: PostgreSQL, MongoDB, SQLite

Tools: Git, GitHub Actions, Docker, REST APIs, pytest

Concepts: Data Structures & Algorithms, OOP, CI/CD, System Design (basics)

Projects

[Project 1 Name]

GitHub · Live Demo

e.g., *URL Shortener / API Gateway / Marketplace*

- Built a REST API in [FastAPI/Python] handling [X] requests/sec with [PostgreSQL] persistence, reducing response time to [X] ms
- Implemented [rate limiting / auth / caching] using [tool], cutting [metric] by [X]%
- Deployed with [Docker / GitHub Actions + AWS], achieving [X]% uptime
- Wrote [X] unit tests with [pytest/Jest], raising coverage to [X]%

[Project 2 Name]

GitHub · Live Demo

e.g., *Full-stack Dashboard / Job Tracker*

- Built a full-stack app [React + Node.js + PostgreSQL] used by [N] users
- Added [search / pagination / state management], improving [page load] by [X]%
- Containerized with Docker and set up CI/CD in GitHub Actions, cutting deploy time from [X] to [Y] minutes

[Project 3 Name]

GitHub

e.g., *DSA Visualizer / Algorithm Library*

- Implemented [algorithm] visualizer in [language], used by [N] students
- Optimized [algorithm] from $O(X)$ to $O(Y)$; documented complexity in README

Experience

[Company / Club / Open Source]

[Role]

[Month Year – Month Year]

[Location]

Co-founded / owned using [tech], [quantified result]

/ Reduced [thing] by [X]%, [metric]

Education

[B.S. Computer Science / B.Tech]

[University Name]

[Expected Graduation: Month Year]

GPA: [X.X/4.0] (if 3.0+)

- Relevant coursework: Data Structures, Algorithms, Databases, Operating Systems, OOP
- Awards: [hackathon top-N, scholarship]

Certifications

Practitioner – 2026

Certification – 2026
